

Architecture

Examination

Coverage of the Architecture Exam

The Architecture Exam questions will cover the following disciplines:

#	Discipline	Sub-Discipline
1	Architectural Technology	Building Materials and Construction Methods
		Building Systems
2	Site and Building Design	Architectural Planning and Design
		Structural Analysis and Design
3	Professional Practice	Practice and Project Management
		Ethics, Codes and Regulations

Sample Questions of the Architecture Exam

Q1. Which of the following types of concrete construction is reinforced with tensioned high-strength steel-wire strands?

- A. Tilt-up.
- B. Pre-stressed. (Correct Answer)
- C. Cast-in-place.
- D. Precast.

Q2. Why would high-pressure instead of low-pressure sodium lamps be used in storage warehouse?

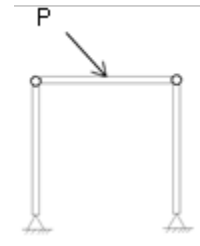

- A. They are less expensive.
- B. They have a longer lamp life.
- C. They can operate at higher, more efficient voltages.
- D. They have better color rendering properties. (Correct Answer)

Q3. The most important factor for locating a new retail center is:

- A. Accessibility to market area traffic. (Correct Answer)
- B. The availability of utilities.
- C. A well-drained level site.
- D. Its proximity to employment zone areas.

Q4. The frame shown is:

- A. Stable and indeterminate.
- B. Stable and determinate
- C. Unstable and determinate.
- D. Unstable. (Correct Answer)

**Q5. What is the difference between Change orders and Addenda?**

- A. Addenda would not be considered part of the construction documents.
- B. Only a change order can change work on the job site.
- C. Addenda are changes that come before the owner-contractor agreement,
- D. while change orders come after. (Correct Answer)
- E. Change orders are modifications, while addenda do not affect final
- F. construction.

Q6. An architect/engineer can:

- A. Actively compete for job contracts. (correct Answer)
- B. Openly criticize other architects/engineers if he believes that the quality of their work
- C. is inferior.
- D. Receive payment from two different sources for one job.
- E. Obtain a contract from a government agency that has a member of his firm serving as
- F. a principal member.
